

EMPLOYMENT SEARCH LOG

The conditions of your supervision require that you work regularly at a lawful occupation unless excused by the probation officer. Since you currently do not hold approved employment and have not been excused from working, you are required to make a diligent effort to find a job. Specifically, you are hereby directed to make at least two potential employment contacts each work day (Monday - Friday) until satisfactory employment is obtained. Document your efforts by completing this form. All statements made on the form are subject to verification by the U.S. Probation Office. Return this form to your probation officer on a weekly basis.
