## **Warehouse/Material Handler**

### **Location: Fayetteville, Tennessee**

Full Time, Starting Hourly Rate: \$16.48

#### **Job Description:**

- Load and unload pallets and individual cases to and from trailers, as well as collect empty pallet boards and carry them to storage
- Pick appropriate cases according to order using required technology
- Safely operate a forklift after we provide you training and you obtain certification
- Load trailers via carts or stack cases on the floor of a truck trailer
- Receive and distribute product and assist in weekly product inventory
- General housekeeping and specific sanitation tasks as required (e.g. you may be asked to sweep the floor, help clean a trailer, take out the trash, etc.)
- Lift objects that weigh anywhere between 15 pounds and 50 pounds (i.e. anything from a bowling ball to a twin-size mattress) with or without a reasonable accommodation

It's a physical job! If you have never worked in a warehouse environment before, you should understand that you will be on your feet for 90% - 95% of your shift. It also gets loud and the Frito-Lay manufacturing facilities are large. While we want everyone to feel comfortable, our ability to control the temperature in our warehouses is limited. Indoor warehouse working conditions are impacted by seasons and the weather.
